

# El poder de las aplicaciones dinámicas

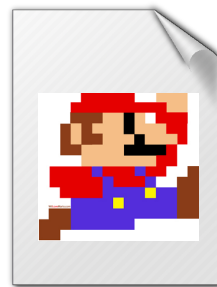

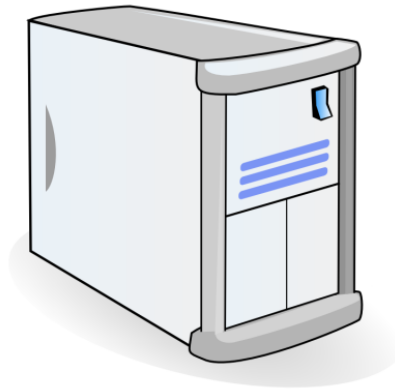

JAVASCRIPT b/ @adriancuadros

# En el principio

# Javascript nace

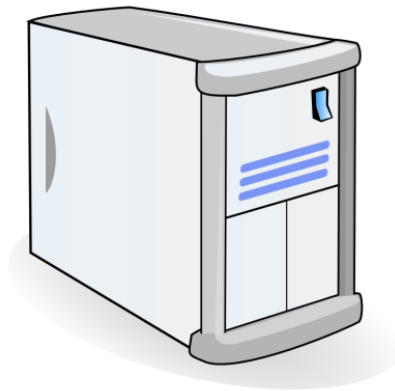

Páginas más ricas

- requests

+ dinamismo

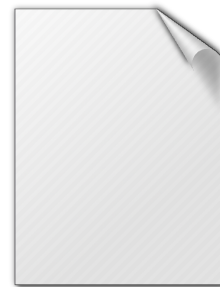

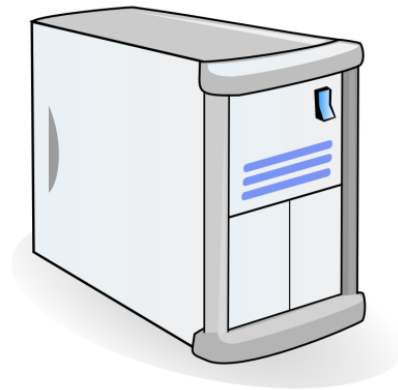

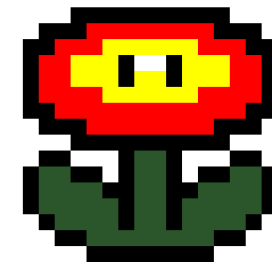

# AJAX

- datos  
+ dinamismo  
+ Apps

# JQUERY

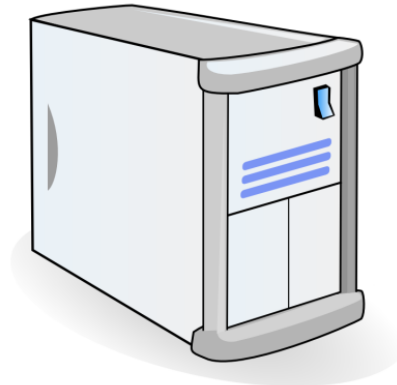

+ Fácil

+ Dinamismo

- Preocupaciones

# V8

+ Rápido  
+ Flexibilidad  
+ Poder  
+ Herramientas

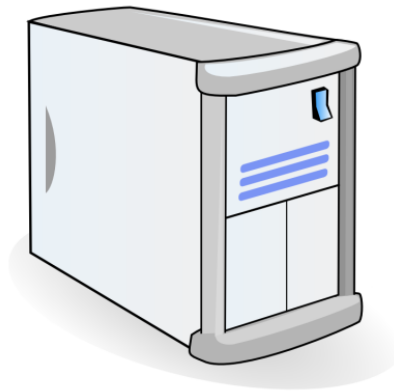

# JS Frameworks + CoffeeScript

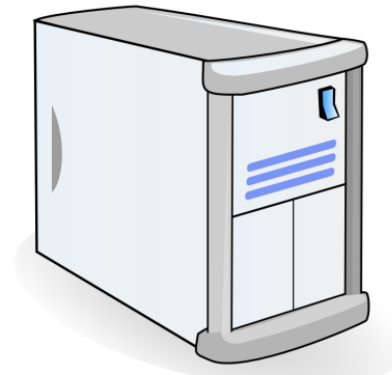

# Old School

Web App

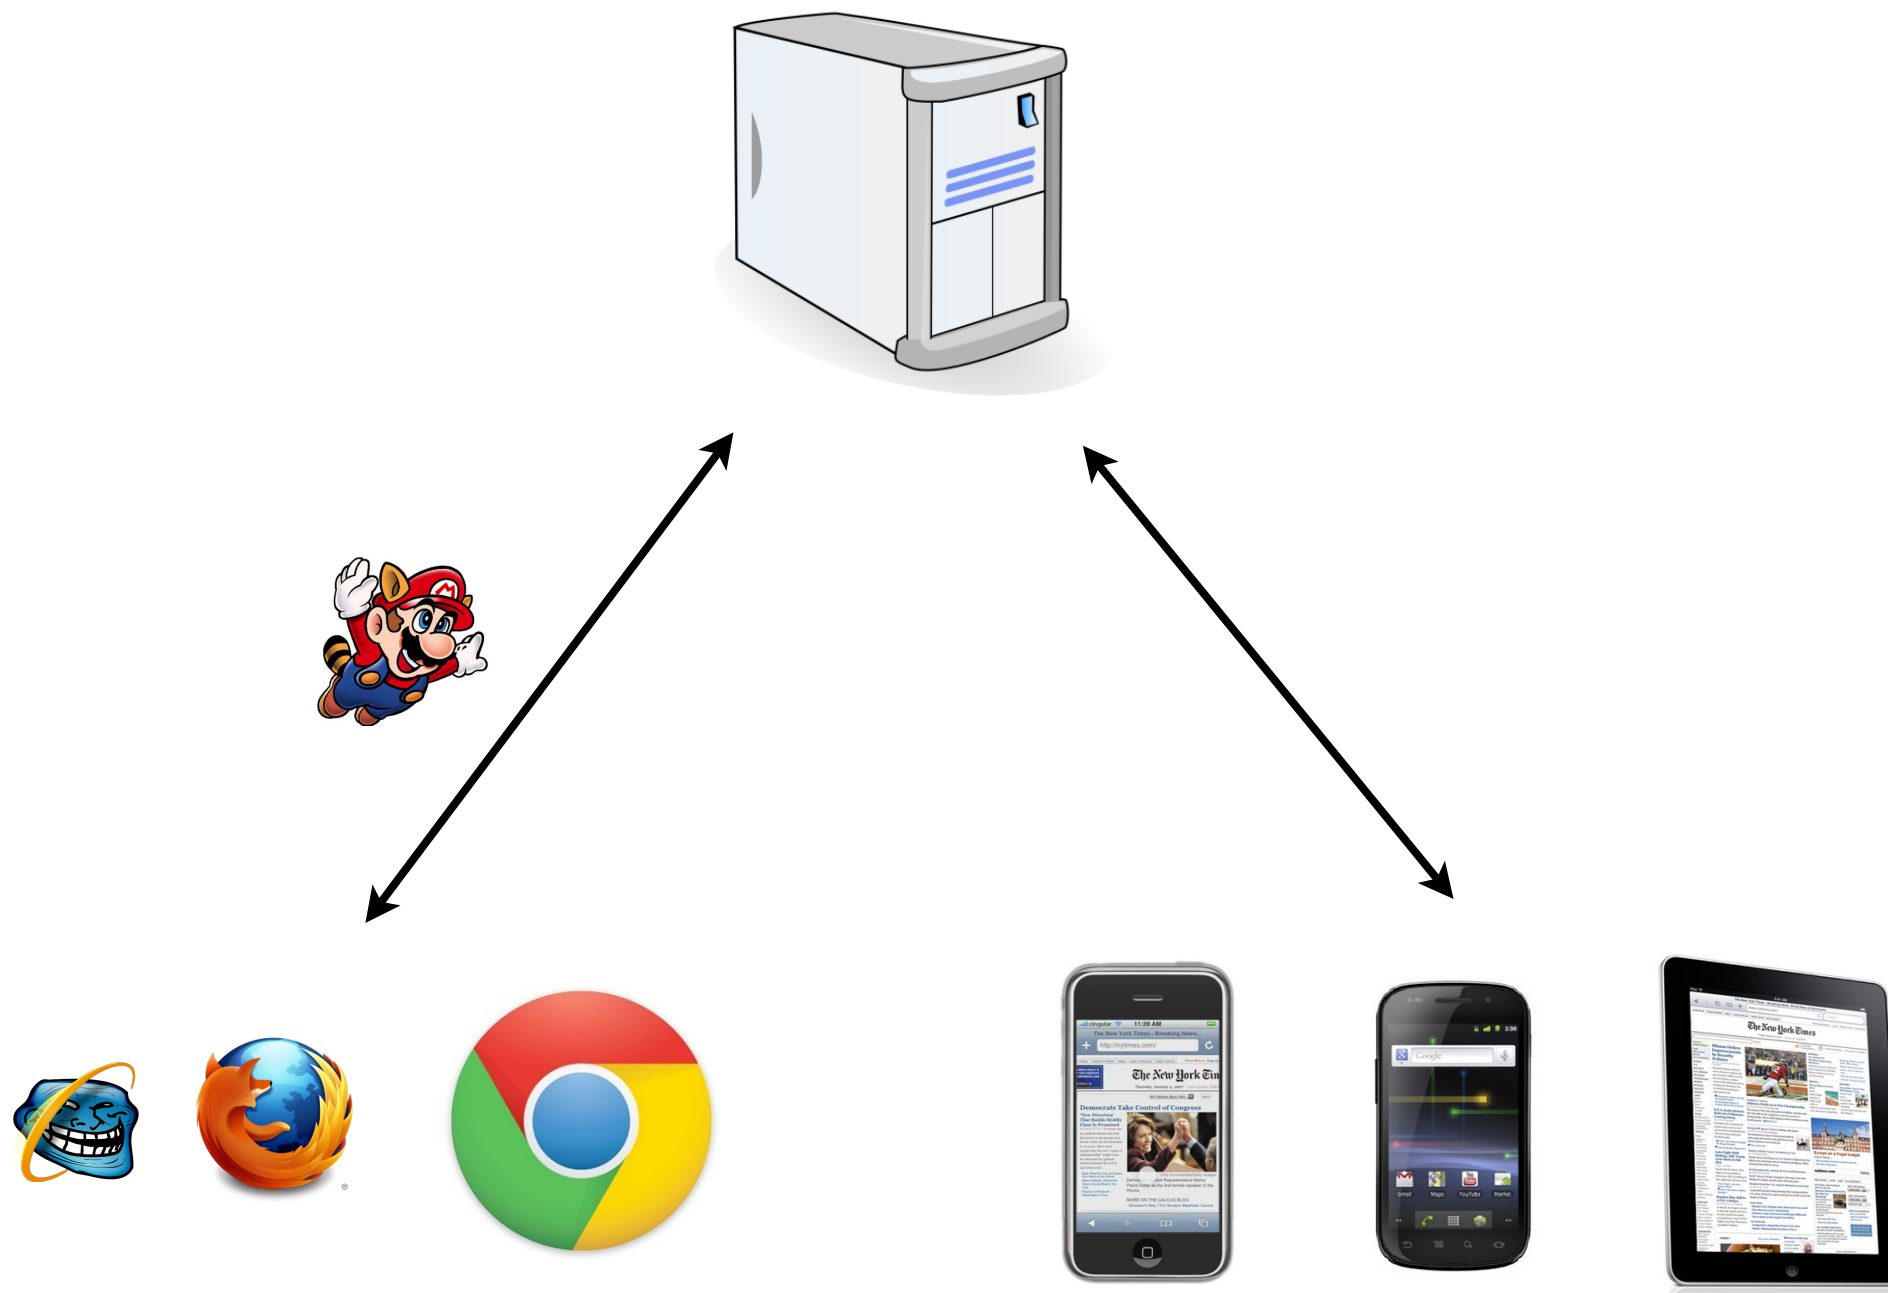

API Services

# Una mejor manera

## API Services

# Herramientas recomendadas

- Chrome (<https://google.com/chrome>)
- Node JS (<http://nodejs.org>)
- Coffeescript (<http://cofeescript.org>)
- Ember JS / Spine JS / Backbone JS
- Ruby on Rails / Django / Express JS

Gracias
